About Euthalia

Growing up in Skopelos, grandmother Euthalia learned how to use local herbs for everyday household needs. Her unique recipes for soap and beeswax cream —filling the house with the fresh scent of cleanliness and imparting to her skin a wonderful, healthy glow— inspired her granddaughter Euthalia to establish Euthalia Natural Cosmetic Values.

Euthalia is a line of Greek natural cosmetic products developed for today's well-informed consumer. Adopting a holistic approach, they combine the latest finds of cosmetology with a deep understanding of the properties of natural ingredients. 100% natural, with increased efficacy, they feature the highly beneficial organic olive oil as a key ingredient, combined chiefly with known anti-oxidants wild rose and cistus.
